BCSD will be involved, and could use parent volunteers

Lisa discussed they are going ahead with the accreditation, and she will be having a meeting with parents to discuss the process.

There was much talk about how can we get the BCSD families together and get more parents to attend PCC Meetings. We will be setting up an email account for all families to be apart of and connect with regards to PCC Meetings and any other topics we may have. We will also be sending out paper copies to go home with the children regarding upcoming meetings and events.

Jascine also came up with a great fundraising idea of a Bingo night and silent auction. This will be a community event so everyone is welcome to attend. We will be partnering up with a few other organizations. Date and details to follow.

We also had a brief moment to talk about our concerns with service requests regarding Speech, OT, etc, and discussed with admin that there needs to be more consistency on how this process goes. We were informed best to make sure these requests are brought up during IEP meetings and discussed with Alana Haller also.

Lisa plans to discuss further at the next meeting what shared learning, mainstreaming, and the new curriculum will all look like moving forward.

Meeting finished at 8:30pm
